

## Tasmanian river sampling sites, National River Health Program

Monitoring River Health Initiative (MRHI; 1993-96), First National Assessment of River Health (FNARH; 1997), Australia-Wide Assessment of River Health (1998-2000)

Expanded and edited from Appendix 1 of Krasnicki, T., Pinto, R. and Read, M. (2002)

Australia-Wide Assessment of River Health: Tasmanian Bioassessment Report (TAS Final Report)

Monitoring River Health Initiative Technical Report Number 5 ([www.ea.gov.au/water/rivers/nrhp/tas/index.html](http://www.ea.gov.au/water/rivers/nrhp/tas/index.html))

Note that the locations given here are based on the AGD66 datum.

To convert these grid references to the system based on the GDA94 datum, add 112 m to eastings and 183 m to northings.

To convert latitude/longitude to GDA94 (approximately equivalent to WGS84), subtract 5.4" from latitude and add 4.8" to longitude.

Site code	Stream	Location	Grid ref	Eastings	Northing	Lat S	Long E	Sample type
A01	West Queen River	Lake Margaret Road	CP804423	380400	5342300	42°03'42"	145°33'18"	Reference
