INTRODUCTION

Ronald Gordon Roach, born at Exeter, Tasmania, in 1920, joined Australian National Airways in Launceston as a traffic clerk in 1950. After six years in the freight and traffic side of the airline, he was appointed Airport Manager at Launceston in 1956, became Northern Tasmanian Manager for Ansett ANA in 1958 (Ansett Transport Industries had purchased ANA in 1957) and the first Tasmanian State Manager for Ansett ANA in 1968. In 1969 the company's name was changed to Ansett Airlines of Australia. His career spanned 33 years in the aviation industry, during which time he saw the introduction of jet aircraft flights into Tasmania and the growth of Tasmanian tourism into a major industry.

Mr Roach played an active role in the development and promotion of tourism in Tasmania on a national basis and took a major part in the development of package holidays into the state. After he retired at the end of December 1983, he was Resident Director Tasmania of TNT/Ansett until 1989.

A fellow of the Australian Institute of Management and life member of the Launceston Travel League, he has been president of Lions, the Launceston Chamber of Commerce and League of Tasmanian Wheelmen, was a founding member of the Tasmanian Tourist Council in 1960, member of the Tasmanian Tourism Advisory Authority and of the National Parks and Wildlife Advisory Council, deputy chairman of the Tasmanian Convention and Visitors Bureau, vice chairman of the Tourism and Convention Committee of the Albert Hall and vice president of the Launceston YMCA, Tasmanian Trustee of the Australian Cancer Foundation, chairman of the Beaconsfield Municipality Tourism Committee and a member of the organising committee of the inaugural Tasmanian Masters Games.

In 1972 Mr Roach was presented with the Ampol Award for his personal contribution to tourism and the travel industry in Tasmania. In 1985 he received an Advance Australia Award for his service to tourism and he was awarded the Order of Australia (AM) for his service to tourism and the community in 1989.

The collection was donated to the Queen Victoria Museum and Art Gallery in October 2005.
